DETAILED ACTION

Reply to Response

- 1. This action is issued in reply to applicant's Response(Paper #10) filed 7/25/03.
- 2. No claims were deleted. None were added. None were amended.
- 3. Original claims 1-41 are pending.

Claim Rejections - 35 USC § 103

- 4. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:
 - (a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negatived by the manner in which the invention was made.
- 5. Claims 1-41 are rejected under 35 USC 103(b) as unpatentable over Lineback(1997) in view of Waldo(US Pat. No:6,237,009).
- 6. As per claims 1-41 Lineback teaches online leasing of automobiles(Page 1).Lineback further teaches formal quotes for automobile leases including delivering the new car to the buyer and purchasing the customer's trade in(Page 1/Step 3) as well as a quick-quote by e-mail(Page 1/Step 2). Lineback also teaches information on all models including pictures and prices(Page 1/Step 1). Lineback also teaches lease-loansand installment loans(Page 1) to lower the monthly vehicle expense. Waldo teaches lease renewal services(col 2 lines 44-46) and renegotiation at the end of a lease term(Abstract) as well as managing leases between clients(Abstract)(Figs 1-18)(col

4 line 51-col 6 line 57) as well as maintaining appropriate databases(Fig 5)(Fig 9) and lease cancellation(Fig 18) over a network(Fig 7/55)(Fig 8/55). Waldo further teaches lease cancellation(Fig 18/1875) and lease renewal(Fig 18/1850). It would have been obvious to one of ordinary skill in the art at the time of the invention to combine Lineback in view of Waldo to teach the applicant's invention. The motivation to combine is to teach a method of managing leases in an online system with multiple clients as enunciated by Waldo(col 6 lines 50-57).

Claim Rejections - 35 USC § 112

7. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

8. Claims 1-41 are further rejected under 35 USC 112(2nd) for failing to point out and specifically claim what applicant regards is the novelty in the invention. The independent claims are too broad to sufficiently indicate the distinctive characteristics of the disclosure. The independent claims read on general matter of automating a known process of leasing automobiles and assigning leases. This is automation of an old and well-known business method and of itself is not novel.

Response to Arguments

9. Applicant's arguments filed 7/25/03 have been fully considered but they are not persuasive.disclosure. The independent claims read on general matter of automating a known

disclosed.

process of leasing automobiles and assigning leases. This is automation of an old and well-known business method and of itself is not novel. Lineback began its Internet services in 1997 which predates the application (Ex A/1). Lineback discloses online leasing (Page 1). Lineback handles custom leases (Ex A/2) which also discloses thast Lineback retains active management of the lease structure according to the client's direction. Among these possibilities may also include terminating a lease at the election of the client and matching the terminated lease by another lessor's request by substitution. Waldo teachers management of leases between clients which may in a particular instance be applied to automobiles as the leased objects. Waldo also teaches lease renewals (col 2 lines 45-46). Waldo further teaches lease cancellation (Fig 18/1875) and lease

Conclusion

10. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

renewal(Fig 18/1850) which may be applied to applicant's method of lease substitution as

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however,
